Office Hours: Tuesday 1.00-2.30 pm

Classes: Monday 1.00-2.20 pm &amp; Wednesday 1.00-2.20 pm, Robinson Hall 301.

**Required Textbook:** Wooldridge, J.M., *Econometric Analysis of Cross Section and Panel Data*, The MIT Press, 2002.**Course Description:**

This course is an advanced graduate micro-econometrics course. The first part of the course, which lasts until 10/21, covers basic econometric models used to analyze cross-sectional and panel data. It is taught by Frank Kleibergen and will roughly cover Chapters 10 and 12-17 of Wooldridge. The second part of the course focuses on non-parametrics and is taught by Stefan Hoderlein.

Prerequisite: First year econometrics sequence.

**Grading:** To be discussed.**No classes:** November 25-th (Thanksgiving recess).
